

Salaried GP – Maternity Cover (4 sessions)

Rawcliffe Surgery, Water Lane, Clifton, York, YO30 6ND

Our wide and varied multi-disciplinary team allows our patients to access experienced, specialised clinicians in a timely manner. We have pharmacists, MSK practitioners, Mental Health Practitioners and Physician Associates working alongside GPs as part of the local clinical team. Our team working model is based on shared values, a desire to develop skills and offer mentorship.

The site based approach celebrates local relationships and encourages collaboration of clinicians with the local community.

We use SystmOne in parallel with the Klink total triage portal to streamline patient care to the correct team in an appropriate timeframe. Our central aim is to provide holistic, patient centered and continuity based care to all.

Main duties of the job

The role of a GP is challenging and varied, here at PMG we try to reduce the extra burden of admin tasks and allow you to concentrate on patient care.

We have dedicated teams who process prescription requests, undertake rounds of local care homes, support frail patients in their home and action clinic / discharge letters.

We are proud that our clinical team is made up of much more than GP's for example; our pharmacists, MSK practitioners, mental health practitioners run their own independent clinics.

Salary: Salary is between £8,277.88 and £8,872.24 p/session p/year

Working Hours: Maternity cover, 4 sessions per week.

Disclosure and Barring Service Check: This post is subject to the Rehabilitation of Offenders Act (Exceptions Order) 1975 and as such it will be necessary for a submission for Disclosure to be made to the Disclosure and Barring Service (formerly known as CRB) to check for any previous criminal convictions.
