Priory Medical Centre, Cornlands Road, Acomb, York, YO24 3WX

Are you a qualified Physician Associate, registered with the PAMVR, with or wishing to gain experience of working in a Primary Care environment?

OR are you a newly qualified Physician Associate / soon to qualify and wish to develop your existing clinical knowledge and skills in a supportive team with a named clinical supervisor, dedicated teaching and an overall practice educational lead?

Do you enjoy a variety of work including urgent and routine care and wish to evolve your clinical skills to run autonomous clinics such as learning disability, women's health and mental health?

Do you want to be responsible for providing face to face consultations for patients presenting with undifferentiated problems, with a wide range of minor injuries, long term conditions and minor illness?

Are you looking for an opportunity to work within a supportive multi-disciplinary team at one of the largest and most innovative GP Practices in the country?

Main duties of the job

You will be responsible for providing face to face consultations for patients presenting with undifferentiated problems, with a wide range of minor injuries, long term conditions and minor illness needs as well as undifferentiated clinical presentations.

Be compliant with the FPA Code of Professional Conduct and be registered on the PAMVR.

Take a comprehensive patient history, carry out physical examinations and use expert knowledge and clinical judgement to identify the potential diagnosis.

Refer patients for investigations and/or the appropriate specialist where appropriate.

Make a final diagnosis and independently decide on and carry out treatment.

Use your existing practice experience to plan and provide skilled and competent care to meet patients' health and social care needs, involving other members of the wider health care team as appropriate.

Ensure the provision of continuity of care including follow-up visits; Assess and evaluate, with patients, the effectiveness of the treatment and care provided and make changes as needed; Work independently, although often as part of a local and wider health care team.

Provide leadership to the wider team and make sure that each patient's treatment and care is based on best practice
